MONACO®

MONACO®

DRIVING YOUR DREAM.™

Introducing the 2005 edition of the Diplomat. This popular diesel coach has proven itself to be the perfect combination of luxury and value. And this year is no different. It all begins with the powerful new Cummins® 400 HP ISL engine coupled with the custom-built Roadmaster Raised Rail RR8R-Series chassis, for the very best ride and handling in its class. The coach also features a new Onan® 8.0 kW Quiet Diesel generator as well as new streamlined side-hinged baggage doors for easier packing. So climb aboard. A whole new experience is waiting for you.

#### DRIVING YOUR DREAM.

Dreams. They're the way we write the story of our lives. Some are serious. Like raising kids or building a business. Others are pure fun. Like the dream you have early on a summer morning, sipping coffee and working on your life's next chapter. It's about making big plans and changing them on a whim. Or even better, following your heart without any plans at all. Yes, it's the dream of a lifetime. And with Monaco's legendary quality, reliability and innovation, we can make it all come true.

MONACO®

DRIVING YOUR DREAM.™

This year, the Diplomat takes spaciousness to new levels — thanks to three added inches of ceiling height. As you look through the living area, you'll also notice a more residential feel than ever before, with many stylish details. You'll love the woodwork, with hardwood cabinet doors, end panels and refrigerator inserts, as well as crown molding, decorative hardwood slide-out fascia and decorative hardwood/fabric window boxes. You'll also enjoy the beautiful furnishings, in richly patterned fabrics and optional plush Ultraleather™, which is specially designed for the demands of life on the road.

Major front to back, 38PDQ, Autumn Cherry, Regal Way.

Each year, our designers create color and fabric combinations that lead the industry in warmth and style. This year, we're offering four beautiful decors and three stunning cabinet finishes.

Manufactured in, not added on. For added protection against stains, Dupont Teflon® soil repellent is applied to virtually all upholstery fabric during the finishing process for superior coverage.\*

\* Brand and application of upholstery fabric protection may vary depending on date recreational vehicle was manufactured.

Note: Colors depicted are a reasonable representation though they may not be an exact match of the actual colors due to variances in processing and production. See your dealer for actual fabric and paint chip samples.

V I N T A G E   O A K

A U T U M N   C H E R R Y

M A P L E

As you choose your favorite style of woodwork, you can be confident that each selection is crafted to the highest standards. The Diplomat's cabinets feature raised panel hardwood doors with satin nickel hardware and hardwood end panels. The drawer boxes are also made of wood, and as you open and close the drawers, you'll feel the quality of the heavy-duty ball bearing guides.

05 floorplans

No other manufacturer gives you as many innovative floorplan choices as Monaco. The 2005 Diplomat offers double, triple and quad slide-out models in lengths that range from 36' to 40'.

1 Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

2 Variances in the fabrication and installation of the tanks may cause the actual "usable capacity" to be greater or less than the capacities designated above.

3 Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco Coach provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Monaco Coach dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Monaco Coach models. Monaco Coach, the Monaco logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order. Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by the Monaco Coach Corporation companies. To learn more on what specific component parts and appliances are excluded from the Limited Warranties issued by the Monaco Coach Corporation companies please contact your selling dealership or Monaco Coach Corporation directly or review the warranty packet inside the recreational vehicle.
