Imagine the comfort

of life on the road

Shapes reminiscent of objects hidden in clouds provide an escape for the imagination. At Monaco, we put our imagination to work dreaming up the details that make our products like no other. It's our blueprint for the kind of comfort and luxury that invites you to experience Monaco.

Put your hands on it

feel the quality construction

The Roadmaster SmartStructure® provides superior strength, balance and weight distribution while enabling Monaco engineers to make maximum use of space. SmartStructure is fully integrated with your choice of Workhorse® or Ford® chassis.

1. A hitch receiver with six-point connector provides plentiful towing capacity.
2. The Roadmaster SmartStructure technology allows for more under-the-coach storage, including full pass-through storage bays.
3. The steel truss system has a low center of gravity that grounds the coach and provides a strong platform to carry your coach almost anywhere you want to go.
4. Propane tank, inverter, water heater and batteries are accessible for easy use and service.
5. Anti-lock brakes help you stay in control.

Layers and layers of sidewall protection:
(left to right)

- High-gloss gel coat fiberglass.
- Alumaframe C-channel uprights and interlocking cross members filled with one-and-a-half inch fiberglass insulation.
- Vapor barrier.
- Bead foam insulation.
- Custom interior paneling.

The roof structure consists of:
(top to bottom)

- Peaked aluminum roof.
- Luaun backing.
- Tapered bead foam two inches thick at center.
- Two-and-a-half inch thick aluminum I-beam superstructure filled with fiberglass insulation.
- Vapor barrier.
- Structure foam.
- Bead foam insulation.
- Soft foam padding for extra insulation and interior noise reduction.
- Padded vinyl ceiling.

Add another dimension to your outdoor living with our exterior-mounted entertainment center, complete with CD player, AM/FM radio, speakers and two outlets.
