The information printed in this brochure reflects product design, fabrication and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. The Knight, Monaco Motorhomes, the Monaco logo and its design, are registered trademarks. All other product and company names are trademarks and/or registered trademarks of their respective holders. Due to the large variety of options and floorplan arrangements available to our customers, virtually every coach we manufacture is unique. Actual weights for each unit, therefore, can differ. All tank capacities disclosed herein are estimates and/or approximates that address gross capacities. Actual "useable capacity" may vary based upon location of input and/or output holes installed in the water tanks. Monaco provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your Monaco dealer for unit availability and further information.

* Heights are based on static load equal to Gross Vehicle Weight Rating.
 ** Actual filled LP capacity is 80% of listing due to safety shut off required on tank.
