The 2013 Knight bears the unmistakable design and engineering of a Monaco coach and offers the best ride in the industry. Appointed in luxurious details, the multiple floorplan configurations in lengths 36 to 40 ft, give you the space and storage you need. The distinctive chevron front and rear face details and bold graphics signal you have arrived.

Travel Well — Arrive in Style
Due to continuous product improvements, please visit us online at monacocoach.com for the latest in standards, options, specifications and technical data.
Built to deliver the very best diesel motorhome experience, Roadmaster construction utilizes advanced design and engineering, along with its eight outboard-mounted air bags and shock absorbers, to distribute stress evenly throughout the entire chassis, reducing the possibility of twisting and increasing durability and reliability. It’s the ultimate foundation for a luxury ride.

When you take delivery of your new recreational vehicle, it’s just the beginning of our exclusive around-the-clock Owner Advantage Program™. We offer an extensive support program that provides complete roadside assistance and special motor club benefits that follow you wherever your travels take you. We’ve teamed up with the most trusted RV emergency road service company in the country to give you immediate access to fast, dependable service when and where you need it. Add our toll-free service appointment assistance, plus a technical assistance hotline, and you have the security of 24-hour, full-time support at your fingertips.

WARRANTY INFORMATION
Enjoy your next RV adventure with the peace of mind that comes with a 12 month/24,000 mile basic limited warranty; a 5 year/50,000 mile limited warranty on aluminum or steel frame structure; and a 3 year/50,000 mile limited warranty on the Chassis. Review your coach’s limited warranty in full for complete terms and conditions.

SERVICE AND SUPPORT
24/7 service and support – Toll-free 877-211-8135.

* Towing capacity is limited by GCWR; your vehicle’s towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner’s manual for further towing information.

** All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual “usable capacity” may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

***Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.
