THIS YEAR, THE ACCENT’S ON VERSATILITY.

Set foot in the 2004 LaPalma, and you’ve entered the best of both worlds — a gas powered coach with the quality and comfort you’d expect from a Monaco. This year, the LaPalma includes more distinctive decorative touches than ever before. Crown molding offers elegance and sophistication, as does stylish wallboard and the new hardwood slide-out fascia design with metal insert accents. The beautiful cabinetry features raised panel hardwood doors, hardwood end panels, and new satin nickel hardware.

The handsome fiberglass DASH features such conveniences as an in-dash compass with outside temperature readings. You’ll enjoy the superior sound quality of the CD player with four speakers, and you have the choice of numerous optional features, including a rear vision system, power sunvisors and pull-down sun shades.

This remarkable GALLEY welcomes you with a stylish Corian® countertop and high-quality appliances. The large double-door refrigerator is as beautiful as it is functional, with metal accent insert panels that coordinate perfectly with the contemporary stainless steel microwave.

The LaPalma LIVING AREA, 34SBD, in Blue Willow with Vintage Oak woodwork.
A cozy booth dinette (shown on page 3) is standard on most models, while a freestanding dinette with chairs and a wall cabinet makes an attractive option. You’ll find exciting features such as triple slide-outs, the popular bath-and-a-half 36DBD, and the new private bedroom 37PCD and 37PCT. And you’ll have dozens of ways to customize your coach to fit your needs.

Our new 37PCT floorplan features a private BEDROOM behind beautiful French doors. Simply close the doors behind you, and you enter a roomy and peaceful haven with such features as a fabric swivel barrel chair and a versatile desk with chairs.

Our optional HIDE-A-BED is a stylish way to expand your sleeping quarters for your kids or guests. Here, you can also see the luxurious cockpit area with soft touch vinyl pilot and co-pilot recliner seats, and centered overhead is the 27” stereo color TV, standard on most models.
OUR RECIPE FOR COMFORT AND SAFETY.

It takes dozens of meticulous details to create a coach that’s worthy of the name Monaco. And each of them is held up to the highest standards while being constantly re-evaluated — both for quality and for innovation. For us, that means setting the bar higher and higher with every year. And for you, it means your Monaco coach will always be a step ahead of the rest. If you’d like to learn more, a dealer near you will be happy to show you firsthand the details that add up to the Monaco difference. Or, visit our website at www.monacocoach.com.
**WALL LAYERS:** (LEFT TO RIGHT)

a. High-gloss gel coat fiberglass
b. Interlocking C-Channel filled with 1-1/2" fiberglass insulation glued in place so it doesn’t sag or leave spaces uninsulated
c. Vapor barrier
d. Bead foam saves energy and provides a thermal insulative barrier
e. Interior paneling

**ROOF LAYERS:** (TOP TO BOTTOM)

a. Peaked aluminum roof
b. Luaun backing
c. Thick, tapered bead foam insulation
d. Aluminum double I-beam superstructure filled with fiberglass insulation
e. Vapor barrier
f. Structure foam: thermal insulative barrier
g. 1/2" bead foam insulation
b. Foam padding for extra insulation
i. Padded vinyl ceiling

---

**ALUMAFRAME® CONSTRUCTION:**

The LaPalma’s sidewall construction features Monaco’s exclusive Alumaframe® Superstructure with a limited 5-year warranty. Our revolutionary system of aluminum C-Channel and I-beam crossmembers runs the entire length of the coach, with double-welded intersections for added strength. This rigid design is both lighter and sturdier than wood or tubular aluminum frames — and much more reliable than butt-welded or screwed joint designs. From dirt roads to potholes, you can count on Alumaframe® to handle the relentless stresses of the road and provide superior structural integrity for many years to come.

---

**FLOOR CONSTRUCTION:**

(BOTTOM TO TOP)

a. Darco
b. Luaun
c. Blue foam insulation
d. 1-1/2" steel tube
e. 5/8" Structurwood™
Our designers have selected exquisite color combinations for each model of the LaPalma. Now, it’s your turn to choose.

**FABRIC SWATCHES**

a. Sofa  
b. Bedspread  
c. Dinette Chairs  
d. Carpet

**Better Stain Protection**

Manufactured in, not added on. 3M Scotchgard™ Carpet Stain Release is applied during the carpet manufacturing process for a higher level of protection. Dupont Teflon® soil repellent is applied to virtually all upholstery fabric during the finishing process for superior coverage.*

*Brand and application of carpet or upholstery fabric protection may vary depending on date recreational vehicle was manufactured.
EXTERIOR HIGHLIGHTS.

Each Monaco coach is designed to turn heads wherever you go, with sleek, contemporary styling and a distinctive appearance that reflects the quality you’ll find throughout the coach.

1. A new EXTERIOR GAS LINE hook-up prep is perfect for LP accessories like a gas barbecue grill.

2. The WET BAY is easy to access and gives you the convenience of a hot and cold water shower with new molded storage area for sewer hose storage.

3. The LaPalma features our exclusive EASYSTOR compartments that move out with the slide-outs for easy loading and unloading. In addition, our new STREAMLINED BAGGAGE DOORS include secure, easy-to-open integrated single-handle latches. New this year, the LaPalma is now available with optional FULL BODY PAINT for a high-quality, long-lasting finish.

Our exclusive SLIDE-OUT design is the strongest and most reliable you’ll find anywhere. It features our exclusive multi-layer construction to give you maximum insulation and to reduce the chance of warping, twisting or shifting.
Monaco is proud to offer you a wide range of floorplans to suit your lifestyle. As you can see here, you have numerous optional features from which to choose.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco Coach provides a weight sticker on each unit we produce which includes that unit’s tank capacities and approximate weight. Consult your local Monaco Coach dealer for unit availability and further information. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed load exceeds 1,000 lbs. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Monaco Coach models. Monaco Coach, the Monaco logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome’s exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order.
Also, as a new Monaco owner, you’re entitled to our comprehensive **OWNER ADVANTAGE PROGRAM.**

With this impressive roadside assistance package, Master Certified RVDA Technicians and ASE Certified Technicians are on call 24 hours a day to handle any problems you may experience with your coach. And that’s not all. Members of our Owner Advantage Program also receive the following benefits: emergency roadside service, fuel delivery, tire change, battery jump start, lockout service, trip routing and maps, and much more.

You can access [MONACOCOACH.COM](http://MONACOCOACH.COM) night or day to take advantage of its many features. The site includes factory tours, a dealer locator function and plenty of information on Monaco products and scheduled club events. Plus, through the site, you may contact us directly at any time.

**THE FAMILY ADVANTAGE.**

When you purchase a coach from Monaco, you become part of an industry-leading family of companies called Monaco Coach Corporation. What does that mean for you? It means you have access to a wider array of benefits. To begin with, your coach is built by a level of expertise that could only be achieved through the teamwork and combined experience of all our companies. Like, for example, such exclusive innovations as the Roadmaster chassis — designed specifically for each individual model of our diesel coaches.

You also get the benefit of our White Glove factory inspection program, for a higher level of quality assurance and added peace of mind. And your dealer will be happy to tell you about our other innovative programs, including our Extended Care service agreements. Of course, once you’re on the road, you’ll have access to our nationwide network of more than 350 service facilities, meaning wherever you travel, you’re never far from a friend. Ready to roll? In a 2004 Monaco, the strength of our entire family is behind you every mile of the way.
